

The Ultimate Blade Iron for the Purist

- Soft, 1025 carbon steel, precisely forged.
- Every curve, angle and line is continually shape-gauged through production for unmatched accuracy and consistency.
- Grooves milled to exacting specifications to promote more spin and control from the rough.
- Thin topline transitions smoothly and seamlessly into the hosel.
- Precision-shaped sole with reduced camber at the request of Tour pros.
- Hand-polished satin nickel-chrome finish preferred by better players.
